

Convatec Catheters

421566 – 421574-30. GentleCath Glide Hydrophilic

GentleCath™ Glide is designed for fast and convenient cathing. A handling sleeve helps you to avoid getting bacteria from your hands on the catheter and FeelClean™ Technology provides a smooth slippery surface, fast lubrication once wetted and is designed to reduce the residuals and mess that cathing may leave behind on your clothes, hands and body.

You should feel confident knowing you are cathing with products designed for safety and ease of use.

GentleCath™ Glide catheters feature FeelClean™ Technology with its smooth, slippery surface and reduced residue to help make cathing easier and less messy.

FEATURES:

How do GentleCath™ Glide catheters help make cathing easier?

- Smooth, slippery surface - **Feature: a low friction hydrophilic catheter.** The smooth, slippery surface is designed to make cathing easier.
- Less mess and residue - **Feature: FeelClean™ Technology.** The catheter is made with our unique technology designed to reduce the residuals and mess left behind by cathing so you can worry less about getting residue on your clothes, hands and body.
- Catheter contamination prevention - **Feature: a no-touch handling sleeve.** GentleCath Glide catheters have a no-touch handling sleeve to help prevent contamination of the catheter with bacteria from the hands.^{1,2}
- Speed and discretion - **Feature: quick lubrication.** GentleCath Glide catheters are ready to use with no unnecessary delay. You can start cathing as soon as you break the water sachet and wet the length of the catheter so it can be used quickly and discretely.
- Made without the use of DEHP*

508995-30 – 508998-30 GentleCath

GentleCath™ Hydrophilic is designed for a simple experience from start to finish, with an in-pack sterile water sachet to activate the coating and wall attachment for storage during hand washing and preparation. The handling strip means you can cath without touching the catheter, helping to avoid bacteria from your hands getting on your catheter.
